SAVING LIVES & CHANGING HEARTS ONE PERSON AT A TIME

ONLINE EVENT RAISES \$18,955

Almost 76% of the PRC's \$25,000 fundraising goal was reached as a result of organization's first on-line event held on May 14th. The \$25,000 figure is an estimate of revenue needed to meet the center's financial needs through September. The Center is extremely grateful to those that contributed.

Utilizing the ZOOM application, a total of 90 individuals registered for the fundraising benefit which raised nearly \$19,000. This figure includes contributions from several people that were unable to attend online.

Keynote speaker, Eric Verstraete, President of Life Matters Worldwide, spoke of God's providence in this time of worldwide pandemic. Speaking on Matthew 14:22-33, Eric referenced the power of Jesus walking on the water in the midst of a storm.

Peter, as we know imperfectly answered the call of Jesus to step out of the boat and join Him. The point being, Jesus doesn't call the equipped, He equips the called. Eric noted, "When God shows off His

power, the natural response is to worship."

As the PRC moves forward into these uncharted waters, we are planning on a fall dessert only event. You will be given an opportunity to contribute if you have not yet done so. This event is designed to thank supporters that have remained faithful to the PRC in these most desperate times. Details for this event will soon follow.

PRC President, Nate Yerian is announcing a resumption of operations (by appointment only) starting on June 2nd. This includes the reopening, by appointment only, of Elizabeth's Resale Shop. Director of Client Services, Cary Carrel notes that a huge variety of beautiful summer clothes are available for newborns through 2T.

The PRC again wishes to thank all those that have contributed to the organization, we are truly blessed by your support. It is our mission, our desire, to step out of the boat and allow God to equip us to equip those clients that have chosen the path of life.
